Joe Masi, Executive Director

## A staff that is second to none

An organization is only as good as its staff and the AMM's staff is second to none. With a full complement of 10, it may sometimes be difficult for members to know whom to contact for assistance.

First, it's important to know that the AMM actually has two sides – the Administration & Marketing and the Policy & Communications. While there is always some overlap, staff members primarily function under these areas.

### *Administration & Marketing*

**Linda Hargest** manages the Administration & Marketing side and oversees event and education planning. Do you have questions about the MTCML? Contact Linda at 204-856-2361.

**Doris Klippenstein** is responsible for the accounts receivable/payable; bookkeeping; and inventory control for the MTCML. To place an order, contact Doris at 204-856-2367

**Patti De Baets** looks after the accounting for the AMM, compiles the Salary Survey, and manages the booths at the MTCML Trade Show and Convention display area. Contact Patti at 204-856-2368

**Stacy Roteliuk** co-ordinates the AMM's four major events (Convention; Municipal Officials Seminar; Mayors, Reeves & CAOs; and June District Meetings) as well as municipal visits and the Education Program. Contact Stacy at 204-856-2374

### *Policy & Communications*

**Tyler MacAfee** manages the Policy & Communications side. If you have questions about resolutions or lobbying efforts, call him at 204-856-2362

**Rachel Philippe** has recently joined the AMM as the Property Services Policy Analyst. Rachel works on lobbying strategies affecting Conservation, Agriculture, Food &

Rural Initiatives, Transportation & Government Services and Water Stewardship. She can be reached at 204-856-2369

**Lynne Bereza** is also new to the AMM. She oversees communications, including the website; the quarterly magazine, *The Municipal Leader*; the AMM annual report; and the bi-monthly news bulletin. To advertise in an AMM publication, contact Lynne at 204-856-2366
