

Airmaster products lasting longer

Airmaster Signs, an Official Supplier to the MTCML, is proud of its state-of-the-art signage products that are offering municipal clients longer life and, consequently, longer warranties. According to Airmaster's **Rob McFarlane**, "There have been incredible improvements recently in reflective sheeting technology. As a result, our signs are brighter and have a much higher intensity. They are also more resistant to sun damage."

These technological improvements have resulted in customers enjoying longer warranties – some as long as 10 years.

Rob also wants municipalities to be aware of the new fluorescent colours available for their signage.

For more information, call the AMM's **Doris Klippenstein** at 204-856-2367, or **Patti DeBaets** at 204-856-2368, or Airmaster Signs' **Rob McFarlane** at 204-944-7446.

Strongco offers grader blades – and more

Strongco Equipment is a leading Canadian multi-line equipment supply company and has branches across Canada. It is also the MTCML's Official Supplier of quality grader blades. See Strongco for the latest in strong, durable blades for any make of grader.

Barry Braverman, in Strongco's Parts Department, also wants municipal customers to know that the company now offers Volvo oil.

Call Barry at 204-633-5800, or at the AMM, **Doris Klippenstein** at 204-856-2367, or **Patti DeBaets** at 204-856-2368.

Acklands Grainger boasts family of services

Back in 1889, Acklands was founded in Winnipeg. For years, it had a rich history of servicing Canadian businesses and organizations. In 1996, US industrial distributor W.W. Grainger purchased the firm and the company's name was changed to **Acklands Grainger Inc.**

Today, Acklands Grainger has over 200 branches across the country (14 in Manitoba). It is Canada's largest distributor of MRO (maintenance, repair and operating) products with annual sales of over \$600 million. It distributes over 60,000 in-stock items annually and has access to thousands more. Headquartered in Richmond Hill, Ontario, Acklands Grainger is an Official Supplier of industrial, safety and commercial supplies to MTCML member municipalities.

Municipalities and businesses like to deal with Acklands Grainger because of its commitment to after sales service. In fact, one of the company's mottoes is 'We believe that after sales service is just as important as the sale itself.' Its fully certified, factory-trained technicians ensure that repairs, calibrations and inspections are always carried out to exact manufacturers' and CSA specifications with the latest diagnostic equipment. All work is backed by a written 90-day written warranty, because, as another Acklands Grainger motto says, 'We sell it. We service it. We guarantee it.'

Acklands Grainger's technical services include:

- Full in-house service
- Calibration and repair of most gas detection instruments
- Complete cylinder service for all SCBA cylinders
- Mobile service on stationary shop equipment
- Hydrotest and fill breathing air and oxygen cylinders
- Mobile installation on some equipment
- Mobile Jordaire/Bauer compressor service
- Mobile service for SCOTT 2-year function checks.

Acklands Grainger is committed to delivering a total business solution and isn't satisfied with meeting customer expectations – it wants to exceed them. For more information on what Acklands Grainger can do for your municipality, call Regional Sales Manager **Rod Rintoul** at 204-954-8902 or the AMM's **Doris Klippenstein** at 204-856-2367 or **Patti DeBaets** at 204-856-2368..
