

Joe Masi, Executive Director

Four days of self-improvement – and fun

Motivate, Inspire, Lead is the theme for the AMM's 6th Annual Convention, which is just around the corner. AMM staff has been working hard to ensure you enjoy an exiting, informative and enjoyable Convention. It is truly one of the AMM's most important events as it brings together all of our members for four days of learning, networking, skill-building, and having fun.

This year, we have dropped the pre-conference seminar in favour of offering three outstanding keynote speakers – one each day of the first three days of Convention. If these speakers don't inspire you, nothing will! **Bob Gray** has a unique talent that he will share with our delegates; **George Cuff** is an expert on governance; and **Alvin Law** is an example of what is truly possible in a world full of challenges. All three speakers are highly motivational and sure to provide you with many valuable tools that you will find useful long after Convention has ended.

This year's agenda will also include many timely topics. Several Plenary Sessions are scheduled, including one focusing on the AMM's number one issue of concern, education and property taxes. We will continue with the popular Round Table Discussions, and offer a number of informative Workshop Sessions, including a special session for CAOs.

Delegates can also expect many of the regular Convention activities such as the Resolution Sessions, elections for President and Vice-Presidents and the ever-popular Ministerial Forum. I also encourage all delegates to take the time to visit the Display Area, and learn more about the MTCML's official suppliers.

Prior to the Convention, any questions or concerns may be directed to **Donna Belbin**, Events Coordinator, at 204-856-2374 or **Linda Hargest**, Director of Administration and Marketing, at 204-856-2361. As well, visit our web site at www.amm.mb.ca for up-to-date information on agenda items, sponsors, and the Partner's Program.

As always, AMM staff members will be available to help out delegates during all four days of convention. We have several new faces on staff, so please introduce yourselves when you see them.

I look forward to seeing you at Convention! ●

“Visit our web site at www.amm.mb.ca for up-to-date information on agenda items, sponsors, and the Partner's Program.”

SANITHERM ENGINEERING LIMITED

Manufacturers and Suppliers of Water and Wastewater Equipment & Processes for 58 Years

- We supply everything to meet your water & wastewater treatment needs.
- We design, build, install and operate package treatment plants worldwide.
- We have been involved in over 250 installations in Western Canada.
- We have a worldwide reputation for quality equipment and service.
