

## Kal Tire promotes NOKIAN TRI 2

MTCML members looking for tires for their construction equipment should be speaking with Kal Tires **John Huthersall**, who will be pleased to tell them of the many attributes of the Nokian TRI 2 tire. At the recent Trade Show in Brandon, John was joined at the Kal Tire booth by **Bryan Humphries** of Tennessee-based Nokian Tyres Inc. They touted the new and improved TRI 2 as even better than its predecessor because of a number of features including:

- A new construction that guarantees excellent grip on all surfaces – even in winter;
- The tire's self-cleaning capabilities;
- A higher load capacity than its predecessor;
- Excellent durability;
- Smooth, stable driving surface;
- Low noise level;
- HA-oil free (the manufacturing process uses only low-aromatic oils); and
- The low rolling resistance reduces fuel consumption.

For more information, call John Huthersall at 204-694-8560 or visit [www.nokiantires.com](http://www.nokiantires.com).
