Hometown Manitoba supports community-driven projects that:

- enhance the appearance/greening and use of community gathering places and exterior structure upgrading in main street areas
- create outdoor spaces attractive to local and regional citizens and tourists
- advance community identities and themes
- encourage community use and increased investment in main street areas
- promote the use of local products, services and talents
- build community pride and citizen involvement

Applications are now available for 2016 at www.manitoba.ca/agriculture or contact your local Manitoba Agriculture, Food and Rural Development GO Office.

Application deadline is **December 15, 2015**.

November 10 Webinar: Municipal Website Design and Management

Websites are the new business cards. A great website has the ability to drive economic development, minimize work for staff, and keep citizens informed of about what is going on in their community.

In this **Public Sector Digest** webinar on **November 10, 2015**, three municipalities will walk you through their website design and management journey - from RFP to completion. They will also prepare you for all of the unexpected little things you may not expect when planning to launch your new website.
