Community Energy Efficiency Program

Efficiency Manitoba is again accepting funding applications for the *Community Energy Efficiency Program* from **September 1 to November 30, 2022**. This program offers municipalities the opportunity, support, and resources to

hire an Energy Efficiency Advocate to create and implement community energy efficiency plans with guidance from Efficiency Manitoba's team of experts.

These plans help communities lower their overall energy consumption by enabling participation in Efficiency Manitoba's programs for energy efficiency upgrades. Hired by the municipality, the energy efficiency advocate helps foster a culture of conservation in the community, empowering its citizens to participate in energy-saving initiatives. Community participation in energy efficiency programs will lead to energy and bill savings in the municipality's homes and businesses.

Efficiency Manitoba pays for 80% of the advocate's salary up to a maximum of $40,000 each year for two years. Frequent and direct access to Efficiency Manitoba's program staff and technical experts is provided, assisting with energy efficiency training.

Check out the *program guide* to find out how to submit a funding application.

You can apply between **September 7, 2022 and November 1, 2022** at 5:00 p.m. (EDT). If you need help or accommodations, send an email before November 1, 2022 at 3:00 p.m. EDT.

Employment and Social Development Canada (ESDC) will communicate decisions to applicants within 16 weeks from the closing of the application period.

For any questions, please contact: *NC-HIP-PIP-EAF_ODI-GD@hrsdc-rhdcc.gc.ca*

Please note: ESDC will be holding *information sessions*.

Community Buildings Retrofit initiative

GREEN MUNICIPAL FUND FONDS MUNICIPAL VERT A program of FCM

The CBR initiative supports local governments and not-for-profit organizations in retrofitting public buildings to improve energy performance, lower operating and maintenance costs, and transition to cleaner energy solutions over time.
