## AMM PROGRAMS & SERVICES

### AMM Education Program - **New Sessions!**

#### **Uncertainty, Resilience & Change**

Interactive Webinar led by Wendy Hofford of Legacy Bowes

**December 18, 2020 – 1:00 pm to 4:00 pm**

COVID-19 has thrust many of us into a world of uncertainty and forcing us to adapt and navigate our personal and professional lives. This has thrust us into a new reality of balancing personal and professional space while trying to strive to get work done. This is especially challenging when there is work to do, municipal meetings that still need to be held, family and community issues to attend to while facing continual uncertainty and change.

As we continue to navigate these uncharted waters, it takes all of us working together and supporting each other to not only survive but thrive and move forward.

During this session, municipal officials will learn:

- How uncertainty and change is having an impact on the work of elected officials.
- How to maintain a healthy work environment for self and employees.
- The importance of setting expectations for connectedness and relationships.
- How to confront and overcome the challenges of remote meetings.
- The importance of remote work etiquette.
- Five (5) strategies to help develop resilience and support yourself and others.

[Click HERE to register for the December 18 Webinar](#)

**A minimum of 36 registrants MUST BE MET for this webinar to proceed.**

Registration transfers will be accommodated. Cancellations will not be accepted.

Fee: \$75 plus GST per person. AMM will invoice following this event.

## To the Finish Line...and Beyond: Setting Realistic Priorities

Interactive webinar led by Gord McIntosh

**January 28, 2021 - 9:00 am to 12:00 pm**

When everything is a priority – you have none; when they are vague – they are useful; and when they are not actionable – they are useless. Now is the time to determine what your workplace or organization will complete, work on and/or initiate during the balance of this term. This highly, interactive session will engage elected officials and staff in a step-by-step priority setting process for ‘real time’ matters facing participants. Learn how to unpack a strategic topic, apply a reality check, assess urgency and assign political and/or administrative responsibility to establish NOW priorities and NEXT/LATER directions. You have a tool kit to apply in your workplace or organization to not only set realistic priorities but sustain strategic attention to implementation and adaptation to changing needs.

Upon completion of the program, you will enhance your capacity to:

- Design and implement strategic priority setting steps
- Facilitate development of creative strategic options
- Set realistic priorities using rigorous criteria
- Sustain organization attention to strategic implementation
- Enhance personal strategic leadership competencies

[Click Here to Register for the January 28 Webinar](#)

**A minimum of 25 registrants MUST BE MET for this webinar to proceed.**

Registration transfers will be accommodated. Cancellations will not be accepted.

Fee: \$100 plus GST per person. AMM will invoice following this event.
