### Climate Adaptation Survey for Municipalities

Take the [online Local Adaptation in Canada Survey](#) by March 22, 2018 and share some insights about how your municipality is approaching climate change adaptation. Whether your municipality is just starting to think about climate change adaptation or is well on its way in implementing adaptation plans, projects or solutions, we want to hear from you.

The survey results will be used to create resources and training materials that you can use to help your community adapt to climate impacts, such as flooding or extreme weather.

[Take the survey today.](#)

FCM, the University of British Columbia, and the University of Waterloo have jointly launched this survey to learn more about adaptation planning in communities across Canada. For questions about the survey or more information about how results will be used, please contact [canada.adaptation@ubc.ca](mailto:canada.adaptation@ubc.ca).

### Regional Meetings: Aligning Conservation Districts to Watersheds

In August 2017, the Manitoba government released a consultation asking for feedback on its proposed approach to modernize the Conservation Districts Program. The "What We Heard" documents can be found at [www.gov.mb.ca/sd/consultations/index.html](http://www.gov.mb.ca/sd/consultations/index.html).

The [attached map](#) illustrates the proposed boundaries of future watershed districts.

Manitoba Sustainable Development has planned a series of regional meetings for all districts and municipalities to engage in a discussion about the proposed boundaries. At these meetings, preliminary analysis on the impacts to districts and municipalities will be presented and participants will be asked to provide input on the proposed boundaries and how the transition should take place. The meetings are organized by basin as shown in the table below.

### 35th annual Volunteer Awards

For over 40 years, Volunteer Manitoba has proudly promoted, supported and celebrated community engagement in Manitoba and we are thrilled to be able to recognize the hard work and commitment of Manitoba's volunteers with the Annual Volunteer Awards.

The **AMM Community Leadership Award** recognizes an individual living outside of Winnipeg who has:

- \* Responded to community issues by creating a program or new initiative
- \* Advanced social issues that affect the well-being of community members, families and the community-at-large
- \* Celebrated diversity in their community
- \* Provided and/or inspired leadership in others
- \* Mobilized community members to achieve a common goal or to volunteer
- \* Demonstrated a life-long commitment to volunteering

To celebrate these incredible Manitobans, we invite you to submit a nomination on their behalf for the [35th annual volunteer awards!](#)
