News Release

AMM announces new water, wastewater projects

January 15, 2016 - This morning, the Manitoba government announced 29 new water and sewer projects with municipalities through the Manitoba Water Services Board.

The Association of Manitoba Municipalities sits on the Manitoba Water Services Board and is part of the committee tasked with selecting the projects that will receive funding through the MWSB.

“It is hard to underestimate the importance of clean drinking water,” said Chris Goertzen, President. “The AMM is pleased to assist our members in making these necessary upgrades to their water and wastewater treatment systems.”
