

# Jac Siemens for AMM Eastern District Director

- Involvement as volunteer in many community organizations
- Steinbach/Hanover Joint Action Committee since 2012
- City of Steinbach Council member since 2006
- Member Cities Caucus since 2010
- Deputy Mayor from 2010 – 2012

*AMM continues to advocate for us, the municipalities of Manitoba. I am honoured that Steinbach City Council nominated me for this opportunity to be an Eastern District Director for AMM.*

If elected, I look forward to working towards advocating the following areas:

- Investment in our highways and secondary roadways
- Cell service that has been improving but needs to continue to be in the forefront
- More long-term predictable funding for local infrastructure priorities
- Grant applications that are simple and streamlined as much as possible
- Water management continues to be a focus as we need to work with our Watershed District on flood mitigation
- Policing, Health Practitioner recruitment & retention plus affordable housing are all issues not part of our mandate, but we need to be a voice on these issues

Elections for the Eastern District will be conducted virtually on Tuesday, November 29, 2022 at 3:00pm.

Each eligible voter must log into the corresponding District meeting via Zoom on a separate device to cast their anonymous vote.

*“It was a pleasure to work with Jac to better our community and our entire region. He has always understood that we are stronger working with each other rather than against each other.”*

**Chris Goertzen**  
Mayor of Steinbach 2006-2018  
President of AMM 2014-2018

## VISION FOR OUR COMMUNITIES

*“We all have a vision for our communities, working together through AMM we advocate for strong infrastructure funding that makes our communities safe places to raise a family, live & work.”*
