

A.M.M. Interlake District Director

ELECT

LAURIE HUNT

I am seeking your support as one of the A.M.M. District Directors for the Interlake. I have been actively serving the community in municipal politics since 2002 as both Councillor and Deputy Mayor for the Rural Municipality of St. Andrews.

I feel it is important that we continue to build a strong and united A.M.M. that speaks for municipalities. With my experience and knowledge, I give you my word to represent your voice for the Interlake District. Municipal Government is the order of Government often described as "Closest to the People". Together lets move A.M.M. forward with continued positive energy. I am committed to listening to the concerns of all our municipalities. I believe in open dialogue and progress through collaboration to ensure representation and success.

There are important issues that affect communities that we live in on a daily basis. With your strong support, I can assure you I will provide a professional collaborative leadership on your behalf.
