WHAT'S YONDER...Strategic Imperatives Facing Civic Leaders

"Ch..Cha...Changes" How civic leaders view change affects the future success of local, regional, and Indigenous governments. It is essential that they avoid the 'noise' in favour of the strategic imperatives impacting their community. Take a pictorial journey of Canada-wide trends while gaining tools to enhance your workplace or organizational strategic efforts.

Join Gord McIntosh on March 17, 2022, from 1:00 pm to 4:00 pm where you will explore the significance of evolving trends (beyond COVID) on local, regional, and Indigenous government. Gord and the group will discuss ways to encourage organizational members to look at the 'big picture' facing your community and to avoid chasing 'squirrels.' Attendees will learn how to apply scanning techniques that get at the strategic matters facing your organization now (and after the fall elections).

Enrolment is limited to 30 persons for this workshop.

March 17, 2022 – 1:00 pm to 4:00 pm

Fee: \$125 plus GST per person. AMM will invoice following the events.
Registration transfers will be accommodated. Cancellations will not be accepted.
