## Community Economic Development Training Opportunities

The MB Community Edge Municipal Capacity Building Project is an initiative that will deliver

CED capacity building training to over 300 municipal officials and community leaders across all rural and northern Manitoba. The project will see Community Edge, Manitoba's CED Certification Program, offered in ten regional centres across the province. Sessions will be offered with two modules/day in each region.

The four modules are valued at \$900 but are being offered at an amazing rate of **\$50 per day (\$25/module)** thanks to funding made available through the Prairies Rural Opportunities Fund 2.0. The project is being supported by Manitoba Community Futures Offices.

The dates for the next five sessions are noted [HERE](#). Three northern Manitoba sessions will be announced closer to the spring. Space is limited so encourage interested participants to sign-up ASAP to ensure a seat (full day registration required) . **This is an excellent opportunity to learn CED essentials and share experiences with other colleagues right here in the region.**
