**New Poll Shows only 5% of Manitobans Feel Safer in their Community, Nearly Two-Thirds Outside Winnipeg Find their Cell Service Unreliable**

## Manitobans' Views on Various Municipal/Community Issues

Association of Manitoba Municipalities  
June 2023 Probe Research Omnibus Survey

**PROBE**  
RESEARCH INC.

A new poll conducted by Probe Research for the Association of Manitoba Municipalities (AMM) reveals rising concern over public safety, while rural Manitobans are overwhelmingly concerned about mobile connectivity outside the province's cities.

The poll was conducted in the first two weeks of June as part of an omnibus, with a sample size of 1000 Manitobans and a distribution of 60% in Winnipeg and 40% outside Winnipeg. The survey results are considered to have a margin of error of 3.1% 19 times out of 20.

## Manitoba Government Increases Funding for Municipalities for Public Safety Across the Province

The Manitoba government is committing an additional \$13.7 million, for a total of \$55.8 million, to support increasing municipal policing costs, said the minister, noting the increased costs are due to both rising rates of crime and inflationary pressures. The additional investment reflects a revised per capita calculation aligned with 2021 census data as well as an overall 28 percent funding increase.

In addition to this promotion, we would like to remind you of the importance of having reliable tires is essential for maintaining a safe and efficient fleet. The hot weather can take a toll on your trucks, and it's crucial to take the necessary steps to keep your fleet in top condition. Here are a few tips to help you get started:

- Check and adjust Tire Pressure
- Measure tread depth
- Perform frequent tire inspections to identify uneven wear, cracks, cuts, or bulges in the sidewall
- Ensure valve caps are properly secured
- Consider having your fleet of vehicles regularly inspected by a tire professional to perform rotations, wheel alignment, ensure proper wheel torque and fix mechanical problems.

**Cybersecurity Audit Service**

bloom software

Business Solutions  
Powered by Microsoft 365

Cybersecurity is increasingly important, and the cost/impact of a cybersecurity incident continues to rise. A cybersecurity assessment allows organizations to identify areas where they are weakest, and provides a clear roadmap to addressing the risks and gaps that could be exploited and cause a significant issue.

AMM has negotiated an agreement with [Bloom Software Co.](#) to offer cybersecurity audits to AMM municipal members.

Bloom's assessment model addresses the key areas that are of greatest concern, discusses and defines them in plain language, and provides organizations the ability to make informed decisions about their own priorities to set an implementation plan.
