Efficiency Manitoba - Community Energy Efficiency Program

The program offers municipalities and towns the opportunity, support, and resources to hire a Community Energy Efficiency Advocate. Community Energy Efficiency Advocates will create and implement Community Energy Efficiency Plans with assistance from Efficiency Manitoba and their community.

These plans will help communities lower their overall energy consumption with the help of Efficiency Manitoba's programs for energy efficient upgrades. Hired by the municipality, the advocate helps foster a culture of conservation in the community - leading the community to participate in energy saving initiatives.

PSCS FAQ for Municipalities

As the decades-old FleetNet emergency communications system is currently being replaced, municipalities will start transitioning to the new Public Safety Communications Service (PSCS) in 2020.

Engineered to be highly reliable, the PSCS is based on modern communications standards and will be built with modern infrastructure and equipment.

Please note municipalities are required to purchase radios and corresponding equipment. The Province of Manitoba
